The Honorable Rosa L. DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Town of Medley's Wastewater Pump Station Project in fiscal year 2026.

The entity to receive funding for this project is the Town of Medley located at 7777 NW 72nd Avenue, Medley, Florida 33166. The funding would be used to redevelop the pump stations owned and operated by the Town of Medley. These repairs will mitigate future flooding and operation hazards due to pump station emergency failure, as well as normal operations.

The project is an appropriate use of taxpayer funds as it aims to improve public safety, health, and drainage improvements. This will subsequently help the Town of Medley's road network enhancement allowing easier flow of traffic, promoting multimodal mobility, emergency evacuations, and improve connectivity and accessibility for the transportation of goods and circulation of heavy equipment in the area.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mario Diaz-Balart
Member of Congress
